Information provided about the background and services of individual inspectors is offered as a courtesy only and has not been verified by ASHI. ASHI assumes no liability for accuracy of this information. We urge you to confirm this information with the inspector when you contact them.

Ronald R. Meyers, P.E. is an ASHI member, Licensed NJ Home Inspector and Licensed Professional Engineer in NJ. He is the owner of Meyers Engineering Services, and is the home inspector of record for Meyers Home Inspections, and MHI Services, Inc. Mr. Meyers has been inspecting homes and buildings in NJ for more than 20 years. A "Meyers" home inspection provides the additional peace of mind that comes with depth of experience and an engineering background. Call us today for a free consultation or to schedule and inspection. Tel: 973-763-7090.
